ELEMENTARY SCHOOL MEAL PAYMENTS

How do I pay for my student's meals? Payment for school meals should be paid in advance. You can make payments online at your convenience through Skyward Family Access, by credit card, debit card, or eCheck. Credit cards, checks and cash can be accepted for payment at your school office and district business office too. **Checks are to be made payable to “(Elementary School Name) Food Service.”** Checks can be accepted for the **amount of purchase only** or to deposit money in your account.

How can I receive e-mail reminders about my school meal balance? E-mail reminders will be sent out weekly during the school year to all households with a positive or negative balance in their Skyward Food Service Account. Please ensure your e-mail address is correct when completing the online enrollment. Additionally, you may opt in at the beginning of each school year in your Skyward account to receive e-mail reminders when your family meal account balance is under \$10. The e-mail reminders will be stopped at the end of the school year, so you won't receive them during the summer months. If you need assistance in understanding the e-mail message, please contact the translator at your school.
