SALINA Public Schools

FOCUS NEWSLETTER

[Website](#) [Schools](#) [About Us](#) [Departments](#) [News](#) [Careers](#)

Greetings!

One of the goals at Salina Public Schools is that each student will be a successful high school graduate with the direction, skill and grit for postsecondary success. Seventy-one percent of Kansas jobs in 2020 will require education beyond high school; such as trade school, college or military. Opportunities such as career-technical education (CTE) programs, advanced placement (AP) courses, individual plans of study and dual and concurrent credit programs ensure that our students have many choices to support preparedness for success after they leave high school. Find more information here:

Delayed Start Option *New This Year*

If it's needed, a 2-hour delayed start will be an option instead of cancelling a whole day of school at USD 305. This option could be used if snowy roads could be cleared given a few hours or if wind chills are too low during early morning hours but

temperatures are expected to warm up within a few hours. By adding the possibility of a delayed start, the district will have a way to better minimize the loss of instruction while maintaining the safety of students and staff.

Details of a delayed start:

- Bus routes: General education and special education bus routes will proceed on a 2-hour delay.
- Pre-K: Morning classes will be cancelled. Afternoon classes will pick-up as normal.
- Foodservice: Breakfast will not be served and there will not be a choice lunch option at elementary schools.
- Elementary Band/Strings: Cancelled if a 2-hour delay.
- Heartland: Morning pre-K will be cancelled. Breakfast will not be served.
- Salina Adult Education Center: All morning sessions and any GED testing scheduled for the day will be cancelled.

Changes to the school schedule are not taken lightly. While calling cancellation and delayed-start days creates inconveniences for families and impacts instruction time, upholding the safety of students and staff is our priority.

WE'RE HIRING!

Substitute Teachers Wanted

Contact Rae in Human Resources

 **SALINA**
Public Schools

Did you know that if you have completed at least 60 college credit hours you can

work as a substitute teacher!

Working as a substitute is one of the most flexible and rewarding employment opportunities around. You're in control of your work schedule - you define what days and hours you work and you pick what classroom you want to work in.

All you need is to apply for and receive an Emergency Substitute license from the Kansas Department of Education. We're here to help you learn more about the process, complete applications and assist you through the licensure process.

Are Your Lunch Account Balances Current?

Parents and guardians! Please review your student's lunch account balance regularly to keep your account current and prevent overdue payments. We're all busy and it's easy to overlook this important detail. However, it's critical that you closely monitor your family's food service balance.

Eligibility for free and reduced meals can be determined at any time of the school year. Contact 309-4715 for more information.

We appreciate partnering with you to nourish students' minds and bodies!
